Grade-count of Unsold Stock  
offered to the Trade Only

## Jackson & Perkins Company Newark, New York

### TERMS AND CONDITIONS OF SALE

This list cancels all previous quotations.

BOXES AND BALES will be charged for at actual cost of materials.

TERMS. Usual terms to those of established credit or whose responsibility is known to

us. Cash, security, or satisfactory references required of unknown parties.

ORDERS must be made up in 10s or multiples of 10 at these prices.

GUARANTY. We use every precaution to have all our stock true to label, and should any prove not to be so, we will replace it without charge or refund the purchase price, but all orders are accepted by us upon the mutual agreement between purchaser and ourselves, that we shall not be responsible for other damages.

CLAIMS. For any cause, must be made promptly on receipt of goods.

## RUGOSA AND HYBRID RUGOSA ROSES

These Hybrid Rugosa Roses are a valuable race, having size, quality, fragrance and constant blooming habit along with exceptional hardiness. While their beauty and attractiveness commends them for planting everywhere, they are especially valuable for localities like the north-west where the climate is too severe for most varieties of the H. P. and H. T. classes.

Dwarf Apples are rapidly growing in favor. They come into fruiting early and their compact, low-down habit makes them desirable for door yards where there would not be room for standard trees. Also they can be more easily kept free from scale because the growth is all within reach of ordinary spraying apparatus.

1375 Lonicera Billardi Alba (Upright Honeysuckle, white)..... 17.50 per 1000  
550 Rosa Rubrifolia (red foliage) seedlings..... 12.50 per 1000

ROSES, FROM 2½ INCH POTS, for nursery planting or mailing.

We grow large quantities of Roses, both for planting out in our own nurseries and to sell to other nurserymen. They are well-established plants that give good stands in the nursery rows, and make strong growth. List of varieties and quotations furnished on application.

## OF INTEREST TO FLORISTS

HYDRANGEAS, (Hortensis sorts), pot-grown. The new French Varieties.

We produced a magnificent lot of these last summer. They were grown in 6 inch pots plunged out-of-doors under slat houses. We shipped out fully 25000 last fall with scarcely a single instance of dissatisfaction upon them. We still have moderate quantities to offer in all the leading sorts and have somewhat reduced the prices to close them out.

### FROM 6 INCH POTS

850 Radiant, with 5-6 branches.....\$20.00 per 100  
400 LaLorraine } with 4 branches..... 15.00 per 100  
1000 Radiant }

### FROM SMALLER POTS

3600 Otaksa,  
430 La Lorraine,  
1250 Mme. Maurice Hammar, } 2½ inch pots.....\$4 per 100 \$35 per 1000  
1180 Radiant,  
4155 Radiant, 3½ inch pots.....\$6 per 100 \$50 per 1000

Roses. Illinois, Dec. 18, 1915.—"Your rose plants arrived in first-class condition. We want to congratulate you on being able to ship such fine stock as we have received from you. We are glad to admit that the Baby Ramblers are the finest we have ever bought."

Roses. Connecticut, Feb. 19, 1916.—"The varieties of roses which I was forced to buy abroad, while fine healthy little plants, can not compare with your stock."

Roses. New York, Nov. 11, 1915.—"Received in good condition. Am well pleased with same."

Roses. Pennsylvania, Oct. 16, 1915.—"Were unpacked in bang-up good condition."

Roses. Virginia, Nov. 6, 1915.—"Your Roses have arrived. We want to say they are splendid and the best Roses on Manetti we have ever seen, here or abroad. Thank you very much for sending us such fine stock."

Roses. New York, Dec. 10, 1915.—"O. K. and very satisfactory."

We cannot undertake to supply long and much assorted list of stock calling for only small quantities of each kind, save at an advance above our printed rates according to quantity.

FOR SALE

## A Peach Pit Planter

Made by the Perfection Planter Co.,  
of Carleton, Mich.

Cost, \$125. Will sell for \$50

This machine is a great labor saver. It drops the peach pits at uniform distance and is adjustable to various distances as may be desired. One man and a team will plant as much seed as a gang of fifteen men would do by hand. It is intended, of course, for planting *uncracked* pits, not meats.
